Vorbemerkungen.

Das vorliegende Verzeichniss enthält die Namen aller Postorte ausserhalb Deutschlands, sowie die Namen der wichtigeren Verkehrsorte in denjenigen Ländern, welche ein staatlich geordnetes Postwesen nicht besitzen. Letztere Orte sind mit einem * bezeichnet.

Die Aufstellung des Verzeichnisses ist im Allgemeinen nach den neuesten amtlichen Postanstalten-Verzeichnissen der einzelnen Länder erfolgt. Für einige amerikanische Gebiete (Chile, Columbien, Costarica und Nicaragua), sowie für die britischen Colonien Antigua, Gambia, Neu-Fundland, Nord-Borneo und Tortola haben solche Verzeichnisse nicht zur Verfügung gestanden, es ist deshalb hierfür anderweites Material zu Grunde gelegt worden.

Die Schreibweise der Ortsnamen ist im Allgemeinen die amtliche des betreffenden Landes. Für die Orte in der Türkei, in Serbien, Bulgarien, Montenegro, Griechenland, Egypten und Persien ist die der deutschen Aussprache sich anpassende Schreibweise gewählt; daneben hat die in den genannten Ländern für den internationalen Verkehr vorkommende Schreibart Berücksichtigung gefunden. Die russischen Ortsnamen sind ebenfalls nach der deutschen Aussprache wiedergegeben; für Orte in Russisch-Polen ist auch die polnische Schreibart aufgenommen.

Die Namen folgen in alphabetischer Ordnung. Orte mit unterscheidenden Nebenbezeichnungen wie Alt-, Neu-, Gross-, Klein-, Ober-, Unter-, Nagy- (Gross-), Kis- (Klein-), Also- (Nieder-), Grand-, Little-, New-, North- u. s. w. sind an derjenigen Stelle zu suchen, an welche sie nach ihrer vollen Benennung gehören, also unter Alt-, Nagy-, Grand-, New- u. s. w. — Für die Einreihung der mit dem Artikel (Le, La, L', Les, The, El) zusammengesetzten Ortsnamen, wie Le Beausset, El Barco, Les Bois, La Grange, El Carmen u. s. w., ist das von der betreffenden Postverwaltung bei Aufstellung ihres Verzeichnisses beobachtete Verfahren massgebend gewesen. — Die mit Sanct, Saint, Sainte, San, Sant', Santa, Santo, São, Sint, Sveta, Sveti und Szent (= Heilig) zusammengesetzten Ortsnamen sind sämmtlich am Schluss des Buchstabens S aufgeführt; als Abkürzung für die genannten Vorsilben ist »S.« gewählt worden. — Orte mit verschiedener Bezeichnung, wie Székes Fejérvár = Stuhlweissenburg, Plovdiv = Philippopoli, ferner Orte, für welche sich in Deutschland abweichende Bezeichnungen eingebürgert haben, wie Neapel für Napoli, Lissabon für Lisboa, Kopenhagen für Kjöbenhavn, Drontheim für Throndhjem, Bukarest für Bucuresti u. s. w., sind mit allen gebräuchlichen Bezeichnungen aufgenommen. Die betreffenden weiteren Benennungen sind dabei in runden Klammern hinzugefügt.

Hinter dem Ortsnamen folgen, durch Striche getrennt, die Angaben über Staat, Landestheil u. s. w., wo der Ort liegt. Welche Landes-Eintheilung gemäss den Einzel-

Verzeichnissen der betreffenden Länder in Anwendung gekommen ist, ergiebt die nachstehende Zusammenstellung:
